From The Director

Good afternoon ISC,

Attention to our parents of grade 11 and 12 students: tomorrow evening from 6:30 – 7:30 p.m. there will be a representative at ISC for an information session regarding SSC ([Stichting Studiefinanciering Curacao](#)). The session will take place in the Kayena/Alablanka rooms on the high school side. The presentation will be in Papiamentu followed by a question and answer session in other languages. This session is important for students who are from Curaçao seeking financial assistance for college.

Saturday is our PTA's annual Halloween fundraiser. I sent out a letter from them to our community this morning. Parents, if you are able and willing to help set up for the event or help monitor the games for the students the night of, please contact the PTA directly. Contact details are listed in the letter I posted.

A very big thank you to all the parents, staff, and students for making our annual UN Day celebration such a success! The community involvement was nothing short of spectacular. A special thank you to our UN Day Committee who dedicated their spare time and committed themselves to the event, thus ensuring we all had a great time. Parents, without your contribution to your respective booths, there would not have been enough food or an environment as colorful as it was. On behalf of the ISC staff, we highly appreciate your continued support.

Enjoy the rest of the week and we'll see you Saturday evening.

Sincerely,

Douglas Vaughan
Director

UN Day Booths: Colombia Recognized as Most Authentic

Friday's UN Day celebration boasted many food booths representing countries from around the world. The administration was tasked with selecting the "most authentic". It was a difficult vote, but in the end, we are happy to announce that the representatives from the Colombia booth did a superb job and have received the recognition. Congratulations to team Colombia!

Alumni News: Robin de Zeeuw Presents at Qatar Leadership Conference

Recent ISC graduate Robin de Zeeuw travelled to Qatar last week as a guest presenter for a regional leadership conference. The conference was host to approximately 1000 high school students from around the Middle East and as far away as Taiwan. Robin conducted three different workshops on the topics of Model United Nations (MUN), leadership, and youth empowerment. A closing video, with Robin as one of the featured speakers, conference can be viewed [HERE](#).

Robin is currently in his first year of studies at Erasmus University. He graduated from ISC this past June.

High School News: MUN Students Travel to Panama

This week, ISC is participating in PANAMUN 2016. PANAMUN is a Model United Nations conference at the International School of Panama. Student delegates from the Latin American region come together to debate many of the world issues that face the United Nations today. The goal of the conference is to familiarize students with the United Nations - its structure and procedures - as well as with the pressing issues of the day and how each country faces these challenges. Students represent a UN member state and debate the solutions that they put forth regarding these issues. MUN is an excellent learning opportunity for ISC high school students. They gain public speaking skills, debate skills and learn about world issues at the same time.

At this conference, each student represents a different country. ISC has been assigned some interesting countries this year; we will be representing the Philippines, Iran, Syria, Venezuela, Japan, Turkey and Sweden.

Congratulations to the following students who have been selected to attend this year's conference (listed left to right in picture):

Isaac Cijntje, Anne van Leeuwen, Gudr Al Ayouby, Sarah Mathoera, Mariam Hamadeh, Catherine Ribeiro, Inge Brijker, Tanishq Virwani.
